Part E - Additional comments on this article

{Empty}

▼ ART. 11: MERCURY WASTES

11.2. Are there facilities for final disposal of waste consisting of mercury or mercury compounds in the party's territory?

○ Yes

◉ No

○ Do not know (please explain)

Kindly attach any additional relevant information

{Empty}

Part E - Additional comments on this article

Currently there is no specific facility for final disposal of waste consisting of mercury or mercury compounds in the country but these wastes are disposed as hazardous wastes by using existing recommended incinerators.

▼ COMMENTS

Part C: Comments regarding possible challenges in meeting the objectives of the Convention (Art. 21, para. 1)

There is need of capacity building at all levels of institutions that require financial support in order to meet the objectives of the convention. We believe that, this will be achieved in collaboration with the Minamata Convention Secretariat.

▼ SUPPLEMENTAL - ADDITIONAL COMMENTS

Supplemental: Part D: Comments regarding the reporting format and possible improvements, if any

So far, the reporting format has no problem as I didn't face an obstacles while reporting. Thus, I suggest to keep the existing reporting format.
