INFORMATION ON THE PARTY

1. Information on the party

Name of party
Bolivia (Plurinational State of)

Date on which its instrument of ratification, accession, approval or acceptance was deposited
26 Enero 2016

Date of entry into force of the Convention for the party
16 Agosto 2017

2. Information on the national focal point

Full name of the institution
Ministerio de Medio Ambiente y Agua

Title of National Focal Point
M.Sc. Ing. Magin Herrera López

Name of National Focal Point
M.Sc. Ing. Magin Herrera López

Mailing address
Calle Ayacucho, esquina Calle Potosí N° 438, Edificio Casa Grande del Pueblo, Piso 18

Telephone number
591 2115582

Fax number
591 22156437

E-mail
magin1magin@gmail.com

Second E-mail
vmbabolivia@gmail.com

Web page
https://www.mmaya.gob.bo/

3. Information about the contact officer submitting the reporting format if different from the above

Focal Point is submitting the national report

Attachments can be found on the website
ART. 3: MERCURY SUPPLY SOURCES AND TRADE

3.1. Does the party have any primary mercury mines that were operating within its territory at the date of entry into force of the Convention for the party?

☐ Yes
☐ No

Additional information on this question if needed
No se cuenta

3.2. Does the party have any primary mercury mines that are now in operation that were not in operation at the time of entry into force of the Convention for the party?

☐ Yes
☐ No
3.3. Has the party endeavoured to identify individual stocks of mercury or mercury compounds exceeding 50 metric tons and sources of mercury supply generating stocks exceeding 10 metric tons per year that are located within its territory?

☐ Yes  
☐ No  

If the party answered No above, please explain.
No se ha realizado la identificación de existencias individuales de mercurio o compuestos de mercurio mayores a 50 toneladas

3.4. Does the party have excess mercury available from the decommissioning of chlor-alkali facilities?

☐ Yes  
☐ No  

3.5. *Has the party received consent, or relied on a general notification of consent, in accordance with article 3, including any required certification from importing non-parties, for all exports of mercury from the party’s territory in the reporting period?

☐ Yes, exports to parties  
☐ Yes, exports to non-parties  
☒ No  

Additional information if needed
El Estado Plurinacional de Bolivia, realiza importaciones de mercurio

3.6. Has the party allowed the import of mercury from a non-party?

☐ No  
☐ Yes  
☐ The importing party has relied on paragraph 7 of article 3

Part E – Additional comments on the article in free text if the party chooses to do so

No tiene comentarios al respecto.

▼ ART. 4: MERCURY-ADDED PRODUCTS

4.1. Has the party taken any appropriate measures to not allow the manufacture, import or export of mercury-added products listed in Part I of Annex A of the Convention after the phase-out date specified for those products?

☐ Yes  
☐ No  
☐ Yes (implementing paragraph 2 of article 4)
If no, has the party registered for an exemption pursuant to article 6?

- Yes
- No

4.3. Has the party taken two or more measures for the mercury-added products listed in Part II of Annex A in accordance with the provisions set out therein?

- Yes
- No

4.4. Has the party taken measures to prevent the incorporation into assembled products of mercury-added products whose manufacture, import and export are not allowed under article 4?

- Yes
- No

4.5. Has the party discouraged the manufacture and the distribution in commerce of mercury-added products not covered by any known use in accordance with article 4, paragraph 6?

- Yes
- No

If no, has there been an assessment of the risks and benefits of the product that demonstrates environmental or health benefits? Has the party provided to the secretariat, as appropriate, information on any such product?

- Yes
- No

Part E – Additional comments on the article in free text if the party chooses to do so

- Empty

▼ ART. 5: MANUFACTURING PROCESSES IN WHICH MERCURY OR MERCURY COMPOUNDS ARE USED

5.1. Are there facilities within the territory of the party that use mercury or mercury compounds for the processes listed in Annex B of the Minamata Convention in accordance with paragraph 5 of article 5 of the Convention?

- Yes
- No
- I do not know

5.2. Are measures in place to not allow the use of mercury or mercury compounds in manufacturing processes listed in Part I of Annex B after the phase-out date specified in that Annex for the individual process?
5.3. Are measures in place to restrict the use of mercury or mercury compounds in the processes listed in Part II of Annex B in accordance with the provisions set out therein?

- **CHLOR-ALKALI PRODUCTION**
  - Yes
  - No
  - Not applicable (do not have these facilities)

- **ACETALDEHYDE PRODUCTION IN WHICH MERCURY OR MERCURY COMPOUNDS ARE USED AS A CATALYST**
  - Yes
  - No
  - Not applicable (do not have these facilities)

5.4. Is there any use of mercury or mercury compounds in a facility using the manufacturing processes listed in Annex B that did not exist prior to the date of entry into force of the Convention for the party?

- **VINYL CHLORIDE MONOMER PRODUCTION**
  - Yes
  - No
  - Not applicable (do not have these facilities)

- **SODIUM OR POTASSIUM METHYLATE OR ETHYLATE**
  - Yes
  - No
  - Not applicable (do not have these facilities)

- **PRODUCTION OF POLYURETHANE USING MERCURY–CONTAINING CATALYSTS**
  - Yes
  - No
  - Not applicable (do not have these facilities)
5.5. Is there any facility that has been developed using any other manufacturing process in which mercury or mercury compounds are intentionally used that did not exist prior to the date of entry into force of the Convention?

- Yes
- No

Part E – Additional comments on the article in free text if the party chooses to do so

[Empty]

**ART. 7: ARTISANAL AND SMALL-SCALE GOLD MINING**

7.1. Have steps been taken to reduce, and where feasible eliminate, the use of mercury and mercury compounds in, and the emissions and releases to the environment of mercury from, artisanal and small-scale gold mining and processing subject to article 7 within your territory?

- Yes
- No

- There is no artisanal and small-scale gold mining and processing subject to article 7 in which mercury amalgamation is used in the territory

*If yes, please provide information on the steps.*

Con el apoyo de ONUDI, se gestionó el Proyecto Plan Nacional de Acción Nacional para la MAPE (Proyecto aprobado por el GEF, a ser implementados desde el año 2022.

Con el Apoyo de ONUDI, se presentó al GEF el Documento de Proyecto (PRODOC) Gold + Bolivia (proyecto en evaluación por el GEF), se estima que en la gestión 2022 sea implementado por el ESTADO Plurinacional de Bolivia.

7.2. Has the party determined and notified the secretariat that artisanal and small-scale gold mining and processing within its territory is more than insignificant?

- Yes
- No

7.3. Has the party developed and implemented a national action plan and submitted it to the secretariat?

- Yes
- No
- In progress

7.4. Attach your most recent review that must be completed under paragraph 3 (c) of article 7, unless it is not yet due
7.5. Supplemental: Has the party cooperated with other countries or relevant intergovernmental organizations or other entities to achieve the objective of this article?

☐ Yes
☐ No

Please provide information

Part E – Additional comments on the article in free text if the party chooses to do so

ART. 8: EMISSIONS

8.1. Identify any Annex D source categories for which there are new sources of emissions of mercury or mercury compounds as defined in paragraph 2 (c) of article 8.

For each of those source categories describe the measures in place, including the effectiveness of such measures, to implement the requirements of paragraph 4 of article 8.

☐ Coal–fired power plants
☐ Coal–fired industrial boilers
☐ Smelting and roasting processes used in the production of non–ferrous metals
☐ Waste incineration facilities
☐ Cement clinker production facilities

Cement clinker production facilities
Se cuenta con empresas de producción de clinker para cemento.

Has the party required the use of best available techniques or best environmental practices (BAT/BEP) to control and where feasible reduce emissions for new sources no later than 5 years after the date of entry into force of the Convention for the party?

☐ Yes
☐ No

Please explain
El Estado Plurinacional de Bolivia priorizó la minería artesanal a pequeña escala, y se encuentra en busca de nuevas fuentes de financiamiento para reducir las emisiones de nuevas fuentes.

Attach relevant documentation

8.2. Identify any Annex D source categories for which there are existing sources of emissions of mercury or mercury compounds as defined in paragraph 2 (e) of article 8.
For each of those source categories, select and provide details on the measures implemented under paragraph 5 of article 8 and explain the progress that these applied measures have achieved in reducing emissions over time in your territory:

### COAL-FIRED POWER PLANTS
- A quantified goal for controlling and, where feasible, reducing emissions from relevant sources
- Emission limit values for controlling and, where feasible, reducing emissions from relevant sources
- Use of BAT/BEP to control emissions from relevant sources
- Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions
- Alternative measures to reduce emissions from relevant sources

**CEMENT CLINKER PRODUCTION FACILITIES**

- A quantified goal for controlling and, where feasible, reducing emissions from relevant sources
- Emission limit values for controlling and, where feasible, reducing emissions from relevant sources
- Use of BAT/BEP to control emissions from relevant sources
- Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions
- Alternative measures to reduce emissions from relevant sources

**Measures**

Se encuentra en el Reglamento en Materia de Contaminación Atmosférica (8/12/1995) de la Ley 1333 de Medio Ambiente.

**Progress**

Actualmente vigente

---

Have the measures for existing sources under paragraph 5 of article 8 been implemented no later than 10 years after the date of entry into force of the Convention for the party?

○ Yes
8.3. Has the party prepared an inventory of emissions from relevant sources within 5 years of entry into force of the Convention for it?

- Yes
- No
- Have not been a party for 5 years

If yes, when was the inventory last updated?
Sun, 12/31/2017 – 00:00

Please indicate where this inventory is available
Este inventario se realizó a través del Proyecto MIA I

Attach
- BOL_8.3.pdf

8.4. Has the party chosen to establish criteria to identify relevant sources covered within a source category?

- Yes
- No

If yes, please explain how the criteria for any category include at least 75 percent of the emissions from that category and explain how the party took into account guidance adopted by the Conference of the Parties.
A través del Proyecto MIA I, se tomaron en cuenta los criterios para categorías de acuerdo a las directrices del Convenio de Minamata.

8.5. Has the party chosen to prepare a national plan setting out the measures to be taken to control emissions from relevant sources and its expected targets, goals and outcomes?

- Yes
- No

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}
9.2. Has the party established an inventory of releases from relevant sources within 5 years of entry into force of the convention for it?

- Yes
- Relevant sources do not exist in the territory
- Have not been a party for 5 years
- No

When was the inventory last updated?
2017–12–31

Please indicate where this inventory is available
Es parte del Proyecto MIA I

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

▼ ART. 10: ENVIRONMENTALLY SOUND INTERIM STORAGE OF MERCURY, OTHER THAN WASTE MERCURY

10.1. Has the party taken measures to ensure that the interim storage of non–waste mercury and mercury compounds intended for a use allowed to a party under the Convention is undertaken in an environmentally sound manner?

- Yes
- No
- I do not know

Please explain
Se cuenta una normativa específica que el el Reglamento Ambiental para Sustancias Peligrosas (1995), sin embargo no es específico para mercurio.

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

▼ ART. 11: MERCURY WASTES

11.1. Have measures outlined in article 11, paragraph 3, been implemented for the party’s mercury waste?

- Yes
- No
11.2. Are there facilities for final disposal of waste consisting of mercury or mercury compounds in the party’s territory?

- Yes
- No
- I do not know

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

ART. 12: CONTAMINATED SITES

12.1. Has the party endeavoured to develop strategies for identifying and assessing sites contaminated by mercury or mercury compounds in its territory?

- Yes
- No

Please elaborate
Aun no se priorizo estas estrategias, sin embargo se lo desarrollara en en NAP.

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

ART. 13: FINANCIAL RESOURCES AND MECHANISM

13.1. Has the party undertaken to provide, within its capabilities, resources in respect of those national activities that are intended to implement the Convention in accordance with its national policies, priorities, plans and programmes?

- Yes
- No

Please specify
El Estado Plurinacional de Bolivia es un país en desarrollo, sin embargo lo priorizara a partir de la obtención de recursos externos desarrollados en proyectos de carácter nacional.

Please provide comments, if any.
{Empty}

13.2. Supplemental: Has the party, within its capabilities, contributed to the mechanism referred to in paragraph 5 of article 13?

- Yes
13.3. Supplemental: Has the party provided financial resources to assist developing-country parties and/or parties with economies in transition in the implementation of the Convention through other bilateral, regional and multilateral sources or channels?

- Yes
- No

Please specify
El Estado Plurinacional de Bolivia es un país en desarrollo.

Please provide comments, if any.
{Empty}

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

▼ ART. 14: CAPACITY-BUILDING, TECHNICAL ASSISTANCE AND TECHNOLOGY TRANSFER

14.1. Has the party cooperated to provide capacity-building or technical assistance, pursuant to article 14, to another party to the Convention?

- Yes
- No

Please specify
El Estado Plurinacional de Bolivia es un país en desarrollo.

14.2. Supplemental: Has the party received capacity-building or technical assistance pursuant to article 14?

- Yes
- No

Please specify
El Estado Plurinacional de Bolivia es un país en desarrollo.

Please provide comments, if any.
{Empty}

14.3. Has the party promoted and facilitated the development, transfer and diffusion of and access to, up-to-date environmentally sound alternative technologies?
Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}
ART. 18: PUBLIC INFORMATION, AWARENESS AND EDUCATION

18.1. Have measures been taken to promote and facilitate the provision to the public of the kinds of information listed in article 18, paragraph 1?

☐ Yes
☐ No

If yes, please indicate the measures that have been taken and the effectiveness of those measures

Se han realizado talleres de información con el Ministerio de Salud y Deportes y el Ministerio de Minería y Metalurgia y otras instituciones de cooperación técnica sobre los efectos del mercurio en la salud.

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

ART. 19: RESEARCH, DEVELOPMENT AND MONITORING

19.1. Has the party undertaken any research, development and monitoring in accordance with paragraph 1 of article 19?

☐ Yes
☐ No

If yes, please describe these actions

A través de la implementación del proyecto MIA I.

Part E – Additional comments on the article in free text if the party chooses to do so

{Empty}

COMMENTS

Part C: Comments regarding possible challenges in meeting the objectives of the Convention (Art. 21, para. 1)

El Estado Plurinacional de Bolivia viene realizando gestiones para financiamiento de proyectos para el cumplimiento del Convenio de Minamata.
Supplemental: Part D: Comments regarding the reporting format and possible improvements, if any

No se cuenta con comentarios, se considera que se cumple con los articulados relacionados a cumplimiento del país, específicamente con el envío de informes.
