2025 FULL REPORTS OF THE MINAMATA CONVENTION ON MERCURY

Report submitted on 9 December 2025
*Question 8.5 amended by Chad on 12 March 2026

REPORTING PERIOD:
1 January 2021 to 31 December 2024

Attachments can be found on the website

▼ INFORMATION ON THE PARTY

1. Information on the party

Name of party
Chad

Date on which its instrument of ratification, accession, approval or acceptance was deposited
24 septembre 2015

Date of entry into force of the Convention for the party
16 août 2017

2. Information on the national focal point

Full name of the institution
MINISTERE DE L'ENVIRONNEMENT, DE LA PECHE ET DU DEVELOPPEMENT DURABLE. DIRECTION DE L'EVALUATION ENVIRONNEMENTALE, DE LA LUTTE CONTRE LES POLLUTIONS ET NUISANCES

Title of Contact Officer
INGENIEUR DES EAUX ET FORETS, POINT FOCAL NATIONAL DE LA CONVENTION DE MINAMATA SUR LE MERCURE DU TCHAD

Name of Contact Officer
Adoum Abdallah Younous

Mailing address
MINISTERE DE L'ENVIRONNEMENT, DELA PECHE ET DU DEVELOPPEMENT DURABLE
QUARTIER BEGUINAGE
BP : 447
(N'Djaména – Tchad)

Telephone number
+235 63648300

Fax number

3. Information about the contact officer submitting the reporting format if different from the above

Focal Point is submitting the national report

- (●) Information is submitted by the national focal point
- ( ) Information is submitted through the national focal point by the contact officer

▼ ART. 3: MERCURY SUPPLY SOURCES AND TRADE

3.1: Does the party have any primary mercury mines that were operating within its territory at the date of entry into force of the Convention for the party?

- ○ Yes – primary mercury mining with available data
- ○ Yes – primary mercury mining with no available data
- ◉ No

3.2: Does the party have any primary mercury mines that are now in operation that were not in operation at the time of entry into force of the Convention for the party?

- ○ Yes – primary mercury mining with available data
- ○ Yes – primary mercury mining with no available data
- ◉ No

3.3: (A) Has the party endeavoured to identify individual stocks of mercury or mercury compounds exceeding 50 metric tons that are located within its territory?

3.3: (A) Has the party endeavoured to identify individual stocks of mercury or mercury compounds exceeding 50 metric tons that are located within its territory?

- ○ Yes – with new data* (also to be selected by parties reporting for the first time)
- ◉ Yes – endeavoured and indicates same stocks as reported in the previous report
- ○ No

3.3: (B) Has the party endeavoured to identify individual sources of mercury-supply-generating stocks exceeding 10 metric tons per year that are located within its territory?

3.3:(B) Has the party endeavoured to identify individual sources of mercury-supply-generating stocks exceeding 10 metric tons per year that are located within its territory?

- ○ Yes – with new data* (also to be selected by parties reporting for the first time)
- ◉ Yes – endeavoured and indicates same stocks as reported in the previous report
- ○ No

3.4: Has the party determined that it has excess mercury available from the decommissioning of chlor-alkali facilities?

- ○ Yes
- ◉ No – has determined it has no excess mercury
- ○ No – has not made a determination

3.5: *Has the party received consent, or relied on a general notification of consent, in accordance with article 3, including any required certification from importing non-parties, for all exports of mercury from the party's territory in the reporting period?

- ☐ Yes – exports to parties
- ☐ Yes – exports to non-parties
- ☑ No – no export took place
- ☐ No – consent was not given

3.6: Has the party allowed the import of mercury from a non-party?

- (●) No
- ( ) Yes
- ( ) The importing party has relied on paragraph 7 of article 3

Part E - Additional comments on this article

le Tchad a prix un arrêté pour interdire l'importation du mercure sur son territoire national. Le Tchad ne dispose pas des mines pour une quelconque exploitation du mercure

▼ ART. 4: MERCURY-ADDED PRODUCTS

4.1. Has the party taken any appropriate measures to not allow the manufacture, import or export of mercury-added products listed in Part I of Annex A of the Convention after the phase-out date specified for those products?

- (●) Yes
- ( ) No
- ( ) Yes (implementing paragraph 2 of article 4)

If yes, please provide information on the measures.
Un arrêtee a ete pris pour interdir l'importation et l'exportation du mercure au Tchad

If yes, has the party registered for an exemption pursuant to article 6?

- ( ) Yes
- (●) No

4.3: (A) Has the party taken two or more measures listed in subparagraphs (i) to (ix) of part II of annex A for the mercury-added products listed in part II of annex A in accordance with the provisions set out therein?

4.3:(A) Has the party taken two or more measures listed in subparagraphs (i) to (ix) of part II of annex A for the mercury-added products listed in part II of annex A in accordance with the provisions set out therein?

- (●) Yes
- ( ) No

If yes, please provide information on the measures.
- Oui, la Partie a pris des mesures pour promouvoir l'utilisation de matériaux de restauration dentaire économiques et cliniquement efficaces qui ne contiennent pas de mercure. Surtout l'arrête portant interdiction d'importation du mercure au Tchad.
- Oui, la Partie a pris des mesures a l'égard des produits contenant du mercure ajoute inscrits dans la deuxième partie de l'Annexe A, conformément aux dispositions de cette Annexe. Toujours en référence a l'arrête portant interdiction d'importation des produits contenant du mercure et du mercure ajoute.

4.3: (B) If the amendment to annex A adopted in decision MC-4/3 has entered into force for the party, has the party (please check the appropriate box below) taken relevant measures:

4.3:(B) If the amendment to annex A adopted in decision MC-4/3 has entered into force for the party, has the party (please check the appropriate box below) taken relevant measures:

- (●) Yes
- ( ) No

Not applicable

If the party answered yes please select from the bellow checkboxes

Excluded or not allowed, by taking measures as appropriate, the use of mercury in bulk form by dental practitioners

Excluded or not allowed, by taking measures as appropriate, or recommended against, the use of dental amalgam for the dental treatment of deciduous teeth of patients under 15 years of age and of pregnant and breastfeeding women, except when such use is considered necessary by the dental practitioner based on the needs of the patient

If the party answered yes to either option above, please provide information on the measures.
- Information et sensibilisation des cabinets dentaire sur l'utilisation des produits contenant du mercure comme l'amalgame dentaire.
- Respect des normes internationales sur l'interdiction d'utilisation des amalgames dentaires.
- interdiction d'importation ds produits contenant du mercure ajoute.

4.4: Has the party taken measures to prevent the incorporation into assembled products of mercury-added products whose manufacture, import and export are not allowed for it under article 4?

Yes

No

No - not applicable (do not have facilities assembling products using mercury-added products)

4.5: Has the party discouraged the manufacture and the distribution in commerce of mercury-added products not covered by any known use in accordance with article 4, paragraph 6?

Yes

No - no action taken

No - an assessment of the risks and benefits of the product demonstrates benefits to human health or the environment

If the party answered no - no action taken, please explain.
La partie ne dispose pas des installations pour la fabrication et la distribution dans le commerce de produits contenant du mercure qui ne sont couverts par aucune utilisation connue conformément a l'article 4, paragraphe 6.

Part E - Additional comments on this article

Le Tchad est entrain de tout faire pour se conformer aux normes internationales tellesque les textes de la convention l'on definit. Le seul et grand souci que le Tchad rencontre et la mise a disposition des moyens au pays afin de faciliter la bonne mise en oeuvre des activités de la Convention.

▼ ART. 5: MANUFACTURING PROCESSES IN WHICH MERCURY OR MERCURY COMPOUNDS ARE USED

5.1: Are there facilities within the territory of the party that use mercury or mercury compounds for the processes listed in Annex B of the Minamata Convention in accordance with paragraph 5 of article 5 of the Convention?

Yes

No

Do not know

5.2: Are measures in place to not allow the use of mercury or mercury compounds in manufacturing processes listed in Part I of Annex B after

the phase-out date specified in that Annex for the individual process?

CHLOR-ALKALI PRODUCTION

- ○ Yes
- ○ No
- ◉ Not applicable (do not have these facilities)

ACETALDEHYDE PRODUCTION IN WHICH MERCURY OR MERCURY COMPOUNDS ARE USED AS A CATALYST

- ○ Yes
- ○ No
- ◉ Not applicable (do not have these facilities)

5.3: Are measures in place to restrict the use of mercury or mercury compounds in the processes listed in Part II of Annex B in accordance with the provisions set out therein?

VINYL CHLORIDE MONOMER PRODUCTION

- ○ Yes
- ○ No
- ◉ Not applicable (do not have these facilities)

SODIUM OR POTASSIUM METHYLATE OR ETHYLATE

- ○ Yes
- ○ No
- ◉ Not applicable (do not have these facilities)

PRODUCTION OF POLYURETHANE USING MERCURY-CONTAINING CATALYSTS

- ○ Yes
- ○ No
- ◉ Not applicable (do not have these facilities)

5.4: Is there any use of mercury or mercury compounds in a facility using the manufacturing processes listed in Annex B that did not exist prior to the date of entry into force of the Convention for the party?

- ○ Yes
- ◉ No

5.5: Has the party discouraged the development of any facility using any other manufacturing process in which mercury or mercury compounds are intentionally used that did not exist prior to the date of entry into

force of the Convention?

- ○ Yes
- ◉ No – no action taken
- ○ No – the party demonstrated to the Conference of the Parties the significant environmental and health benefits of the manufacturing process and that there are no technically and economically feasible mercury-free alternatives available providing such benefits.

Part E - Additional comments on this article

La Tchad a la volonté de pouvoir mettre en application les textes de la convention. Comme nous avons l'habitude de dire, ce sont les moyens qui fond défaut.

▼ ART. 7: ARTISANAL AND SMALL-SCALE GOLD MINING

7.1: Have steps been taken to reduce, and where feasible eliminate, the use of mercury and mercury compounds in, and the emissions and releases to the environment of mercury from, artisanal and small-scale gold mining and processing subject to article 7 within your territory?

- ◉ Yes
- ○ No
- ○ There is no artisanal and small-scale gold mining and processing subject to article 7 in which mercury amalgamation is used in the territory

If yes, please provide information on the steps.
Arrête portant interdiction, importation, exportation et l'utilisation du mercure dans tous les secteurs au pays.

7.2: Has the party determined, and notified the secretariat, that artisanal and small-scale gold mining and processing within its territory is more than insignificant?

- ◉ Yes
- ○ No

7.3: Has the party developed and implemented a national action plan and submitted it to the secretariat?

- ◉ Yes
- ○ No
- ○ In progress

7.4: Attach your most recent review that must be completed under paragraph 3 (c) of article 7, unless it is not yet due

{Empty}

7.5: Supplemental: Has the party cooperated with other countries or relevant intergovernmental organizations or other entities to achieve the objective of this article?

- ○ Yes
- ○ No

Please provide information
{Empty}

Part E - Additional comments on this article

Touts les six mois nous avons l'obligation d'informer la hiérarchie des déroulements de nos activités sur le terrain. A chaque fois que nous réalisons une mission sur le terrain un rapport est également établit a cet effet.
Concernant le compte rendu des trois ans, nous sommes en phase de finalisation de ce document qui sera achevé dans bientôt avec le rapport annuel. Des que ce rapport sera achevé nous allons vous transmettre une copie. Mais néanmoins nous allons tout faire pour finir avant la fin de l'année afin de pouvoir joindre a ce present rapport du pays.

▼ ART. 8: EMISSIONS

8.1: Identify any Annex D source categories for which there are new sources of emissions of mercury or mercury compounds as defined in paragraph 2 (c) of article 8.

For each of those source categories describe the measures in place, including the effectiveness of such measures, to implement the requirements of paragraph 4 of article 8.

- [ ] Coal-fired power plants
- [ ] Coal-fired industrial boilers
- [ ] Smelting and roasting processes used in the production of non-ferrous metals
- [x] Waste incineration facilities

Waste incineration facilities
Les incinérateur actuellement utilisé au Tchad, sont des incinérateurs de petite taille. Actuellement la production des déchets est en plein expansion, il faut un dispositif professionnel a la hauteur des dechets produits.. Actuellement tout se passe dans l'informel avec toutes les consequence que cela engendre.

- [ ] Cement clinker production facilities

Has the party required the use of best available techniques or best environmental practices (BAT/BEP) to control and where feasible reduce emissions for new sources no later than 5 years after the date of entry into force of the Convention for the party?

- (•) Yes
- ( ) No (please explain)

If Yes, please explain
L'arrêter portant interdiction, l'importation, l'exportation et l'utilisation du mercure ou des produits contenant du mercure au tchad.

8.2: Identify any Annex D source categories for which there are existing sources of emissions of mercury or mercury compounds as defined in paragraph 2 (e) of article 8.

For each of those source categories, select and provide details on the measures implemented under paragraph 5 of article 8 and explain the progress that these applied measures have achieved in reducing emissions over time in your territory:

▼ COAL-FIRED POWER PLANTS

- [ ] A quantified goal for controlling and, where feasible, reducing emissions from relevant sources
- [ ] Emission limit values for controlling and, where feasible, reducing emissions from relevant sources
- [ ] Use of BAT/BEP to control emissions from relevant sources

☐ Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions

☐ Alternative measures to reduce emissions from relevant sources

Measures
{Empty}

Progress
{Empty}

▼ COAL-FIRED INDUSTRIAL BOILERS

☐ A quantified goal for controlling and, where feasible, reducing emissions from relevant sources

☐ Emission limit values for controlling and, where feasible, reducing emissions from relevant sources

☐ Use of BAT/BEP to control emissions from relevant sources

☐ Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions

☐ Alternative measures to reduce emissions from relevant sources

Measures
{Empty}

Progress
{Empty}

▼ SMELTING AND ROASTING PROCESSES USED IN THE PRODUCTION OF NON-FERROUS METALS

☐ A quantified goal for controlling and, where feasible, reducing emissions from relevant sources

☐ Emission limit values for controlling and, where feasible, reducing emissions from relevant sources

☐ Use of BAT/BEP to control emissions from relevant sources

☐ Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions

☐ Alternative measures to reduce emissions from relevant sources

Measures
{Empty}

Progress
{Empty}

▼ WASTE INCINERATION FACILITIES

☑ A quantified goal for controlling and, where feasible, reducing emissions from relevant sources

☑ Emission limit values for controlling and, where feasible, reducing emissions from relevant sources

☑ Use of BAT/BEP to control emissions from relevant sources

☑ Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions

☑ Alternative measures to reduce emissions from relevant sources

Measures
Le Tchad est en train de prendre des mesures pour assurer une bonne gestion des dechets. Si les dispositions ne sont pas prises a temps cela risque de créer des situations irréversibles.

Progress
Nous attendons le deployemement des instances appropries pour assurer une bonne maitrise de la gestion des dechets. Sinon, actuellement des dispositions sont prise au niveau de chaque structure qui produits de dechets pour la gestion dudit déchets.

▼ CEMENT CLINKER PRODUCTION FACILITIES

☐ A quantified goal for controlling and, where feasible, reducing emissions from relevant sources

☐ Emission limit values for controlling and, where feasible, reducing emissions from relevant sources

☐ Use of BAT/BEP to control emissions from relevant sources

☐ Multi-pollutant control strategy that would deliver co-benefits for control of mercury emissions

☐ Alternative measures to reduce emissions from relevant sources

Measures
{Empty}

Progress
{Empty}

Have the measures for existing sources under paragraph 5 of article 8 been implemented no later than 10 years after the date of entry into force of the Convention for the party?

◉ Yes

○ No

8.3: Has the party prepared an inventory of emissions from relevant sources within 5 years of entry into force of the Convention for it?

○ Yes

◉ No

○ Have not been a party for 5 years

If no such inventory exists, please explain
Nous avons demande un appui du Gouvernement pour nous aide a la realisation d'un inventaire pour faire la situation du mercure au niveau du pays. Les moyen n'ont pas ete deploye et aucune nouvelle information en dehors de celui de l'inventaire initial n'a pas ete réalisée.

8.4: Has the party chosen to establish criteria to identify relevant sources covered within a source category?

○ Yes

◉ No

8.5: Has the party chosen to prepare a national plan setting out the measures to be taken to control emissions from relevant sources and its expected targets, goals and outcomes?

- ○ Yes
- ◉ No

Part E - Additional comments on this article

Le Projet Evaluation Initiale du mercure a ete realise au tout debut de la mise en oeuvre de la Convention au niveau du Tchad. Depuis lors aucune autres activités dans ce sens n'a ete menée raison pour laquelle nous demandons la reactualisation de MIA qui a deja durée plus de cinq ans.

▼ ART. 9: RELEASES

9.1: Are there, within the party's territory, relevant sources of releases as defined in paragraph 2 (b) of article 9?

- ○ Yes
- ◉ No
- ○ Do not know (please explain)

9.2: Has the party established an inventory of releases from relevant sources within 5 years of entry into force of the convention for it?

- ◉ Yes
- ○ Relevant sources do not exist in the territory
- ○ Have not been a party for 5 years
- ○ No (please explain)

When was the inventory last updated?
1 January 2020

Please indicate where this inventory is available.
TCD_9.2.pdf

Please explain
{Empty}

Part E - Additional comments on this article

Il n'existe pas au Tchad des sources pertinentes d'emission des mercures. Mais nous cherchons les voie et moyens pour faire une mission Globale sur l'ensemble du territoire national afin de confirmer cela.

▼ ART. 10: ENVIRONMENTALLY SOUND INTERIM STORAGE OF MERCURY, OTHER THAN WASTE MERCURY

10.1: Has the party taken measures to ensure that the interim storage of non-waste mercury and mercury compounds intended for a use allowed to a party under the Convention is undertaken in an environmentally sound manner?

- ◉ Yes
- ○ No (please explain)
- ○ Do not know (please explain)

If yes, please indicate the measures taken to ensure that such interim storage is undertaken in an environmentally sound manner, and the effectiveness of those measures.
Le Tchad a ratifié toutes les conventions BRS, Bamako et Minamata, cela veut dire que toutes les dispositions sont prise pour gérer d'une manière efficience et efficace les déchets du mercure et autres d'une manière écologiquement rationnelle en tenant compte des directives élaborées au titre de ces différentes conventions.

Part E - Additional comments on this article

Tout cela nécessite une surveillance et un contrôle rapproché. Ce qui nous manque cruellement. Il faut rendre les structures focales réellement opérationnelles sur le terrain.

▼ ART. 11: MERCURY WASTES

11.1: Have measures outlined in article 11, paragraph 3, been implemented for the party's mercury waste?

◉ Yes

○ No

☑ Yes - the party has taken measures so that mercury waste is managed in an environmentally sound manner

Please describe measure and effectiveness of measures
Ratification des différentes convention BRS, Bamako et Minamata

☑ Yes - the party has taken measures so that mercury waste is recovered, recycled, reclaimed or directly re-used for a use allowed to a party under the Convention or for environmentally sound disposal pursuant to paragraph 3 (a)

Please describe measure and effectiveness of measures
Ratification des différentes convention BRS, Bamako et Minamata qui oblige les respect et la normalisation de tous ce qui est décrit dans le paragraphe 3 de l'article 11.

☑ Yes - the party has taken measures so that mercury waste is not transported across international boundaries except for the purpose of environmentally sound disposal

Please describe measure and effectiveness of measures
Ratification des différentes convention BRS, Bamako et Minamata qui oblige les respect et la normalisation de tous ce qui est décrit dans le paragraphe 3 de l'article 11.

If the party answered yes to any measures above, please describe the measures implemented pursuant to paragraph 3, and please also describe the effectiveness of those measures.
Ratification des différentes convention BRS, Bamako et Minamata qui oblige les respect et la normalisation de tous ce qui est décrit dans le paragraphe 3 de l'article 11.

11.2: *Are there facilities for final disposal of waste consisting of mercury or mercury compounds in the party's territory?

○ Yes

◉ No

○ Do not know (please explain)

Part E - Additional comments on this article

Toujours le manque des moyens qui bloquent la mise en oeuvre de la Convention au pays.

▼ ART. 12: CONTAMINATED SITES

12.1: Has the party endeavoured to develop strategies for identifying and assessing sites contaminated by mercury or mercury compounds in its territory?

- ○ Yes
- ◉ No

Please elaborate
Un plan d'action de la mise en oeuvre de la convention a été conçu et déposé aux niveau des décideurs pour permette au partie d'élaborer des strategies pour identifier et évaluer les sites d'orpaillages. Mais le financement par l'Etat tarde a venir.

Part E - Additional comments on this article

Il faut un appui financier pour faciliter la mise en oeuvre effective de la Convention dans le pays. Sans moyen financier rien ne pourra etre realise

▼ ART. 13: FINANCIAL RESOURCES AND MECHANISM

13.1: Has the party undertaken to provide, within its capabilities, resources in respect of those national activities that are intended to implement the Convention in accordance with its national policies, priorities, plans and programmes?

- ◉ Yes
- ○ No

Please specify
Comme , je l'ai explique ci-haut, chaque année nous sommes tenu d'élaborer un plan d'action de mise en oeuvre de la Convention. Mais faut des moyen financiers, ces plans d'actions ne sont pas jamais mis en execution sur le terrain, Raison pour laquelle nous avons beaucoup des difficultés travailler au niveau national. Nous sommes obliges de tourner notre regard vers le secretariat de nous épaule dans la mise en oeuvre de la Convention dans notre pays.

13.2: Supplemental: Has the party, within its capabilities, contributed to the mechanism referred to in paragraph 5 of article 13?

- ○ Yes
- ◉ No

Please provide comments, if any.
Nous sommes un pays en voie de développement, donc, nos ressources sont tres limitées.

13.3: Supplemental: Has the party provided financial resources to assist developing-country parties and/or parties with economies in transition in the implementation of the Convention through other bilateral, regional and multilateral sources or channels?

- ○ Yes
- ◉ No

Please specify
Pas de financement pour la mise en oeuvre des activités de la convention a travers ces differents créneaux (Bilaterales, regionales et multilaterale).

Please provide comments, if any.
Le Tchad est un pays en voies de développement, il sera difficile pour lui sans un appui financier de pouvoir mettre en oeuvre la convention au niveau du pays sans un appui financier extérieur. Raison pour laquelle nous demandons un appui financier pour aider a la mise en oeuvre des activités relatives a la mise en oeuvre de la convention au Tchad.

Part E - Additional comments on this article

Nous sommes un pays en voie de développement, donc, nos ressources sont tres limitées.

▼ ART. 14: CAPACITY-BUILDING, TECHNICAL ASSISTANCE AND TECHNOLOGY TRANSFER

14.1: Has the party cooperated to provide capacity-building or technical assistance, pursuant to article 14, to another party to the Convention?

- ○ Yes
- ◉ No

Please specify
Nous sommes un pays en voie de développement, donc, nos ressources sont tres limitées.

14.2: Supplemental: Has the party received capacity-building or technical assistance pursuant to article 14?

- ◉ Yes
- ○ No

Please specify
Mais en cours, les travaux non pas encore démarré avec le quatrième SIP au Tchad.

Please provide comments, if any.
L'appui du secretariat a travers le quatrième SIP est une opportunité attendu pour au moins permettre au Tchad de pouvoir mettre en place une partie des activités de la convention. Cet appui est majeur pour la convention au niveau du Tchad. Nous remercions le secretariat de cet appui qui va booster les activités au Tchad. Les autres appui sont attendus pour continuer dans le meme sens.

14.3: Has the party promoted and facilitated the development, transfer and diffusion of and access to, up-to-date environmentally sound alternative technologies?

- ○ Yes
- ◉ No
- ○ Other

Please specify
Nous sommes un pays en voie de développement, donc, nos ressources sont tres limitées.

Part E - Additional comments on this article

Etant un pays en voie de développement, nos ressources sont tres limitées. La Partie ne peut pas se permettre de financer des activités dans le cadre de la mise en oeuvre de la Convention. Depuis la ratification, nous ne connaissons pas le nombre des plan d'action que nous avons élaboré qui sont reste sans un financement

▼ ART. 16: HEALTH ASPECTS

16.1: Have measures been taken to provide information to the public on exposure to mercury in accordance with paragraph 1 of article 16?

- ◉ Yes
- ○ No

Supplemental: If yes, describe the measures that have been taken.
Des sensibilisations ont ete faites lors de l'elaboration du projet MIA, pour informer la population et les cabinets dentaires de la dangerosité des amalgames dentaire. Apres cela rien n'a ete fait. Nous

demandons maintenant la reactualisation du MIA afin de reprendre avec la sensibilisation.

16.2: Have any measures been taken to protect human health in accordance with article 16 beyond the provision of information to the public on exposure to mercury (referred to in question 16.1)?

- ○ Yes
- ◉ No

Part E - Additional comments on this article

La reactualisation du MIA afin de reprendre avec la sensibilisation, information et conscientisation de la population par rapport aux méfaits du mercure sur leur santee.

▼ ART. 17: INFORMATION EXCHANGE

17.1: Has the party facilitated the exchange of information referred to in article 17, paragraph 1?

- ◉ Yes
- ○ No

If yes, the Party may wish to indicate in the space provided below the exchange of information it has facilitated, such as:

- ☐ Scientific, technical, economic and legal information concerning mercury and mercury compounds, including toxicological, ecotoxicological and safety information
- ☑ Information on the reduction or elimination of the production, use, trade, emissions and releases of mercury and mercury compounds

Information on the reduction or elimination of the production, use, trade, emissions and releases of mercury and mercury compounds
Le projet que nous avons soumis au quatrième SIP a pour objet le Contrôler le commerce du mercure et des produits contenant du mercure au Tchad

- ☐ Information on technically and economically viable alternatives to:
- ☐ Epidemiological information concerning health impacts associated with exposure to mercury and mercury compounds, in close cooperation with the World Health Organization and other relevant organizations, as appropriate. (Art. 17.1 (a)-(d))

Part E - Additional comments on this article

Accéléré la mise en oeuvre des activités du 4eme SIP au Tchad afin de répondre positivement a cette preoccupation.

▼ ART. 18: PUBLIC INFORMATION, AWARENESS AND EDUCATION

18.1: Have measures been taken to promote and facilitate the provision to the public of the kinds of information listed in article 18, paragraph 1?

- ◉ Yes
- ○ No

If yes, the party may wish to indicate in the space provided below, the measures it has taken to promote and facilitate information to the public, such as:
(a) Provision to the public of available information on:

- ☐ The effects of mercury and mercury compounds on human health and the environment

☑ Alternatives to mercury and mercury compounds

Alternatives to mercury and mercury compounds
Utilisation des produits naturels dans les cosmétiques et des composites dans les amalgamation dentaires

☐ The topics identified in paragraph 1 of article 17

☐ The results of its research, development and monitoring activities under article 19

☐ Activities to meet its obligations under the Convention

(b) Education, training and public awareness related to the effects of exposure to mercury and mercury compounds on human health and the environment in collaboration with relevant intergovernmental and non-governmental organizations and vulnerable populations, as appropriate.

Activities to meet its obligations under the Convention
Nous demandons un appui comme les autres pays ont bénéficié a travers l'OMS pour nous aider dans la sensibilisation et information a la population en matière d'utilisation des produits contenant du mercure surtout dans l'amalgamation dentaire a base du mercure.

(Art. 18 (1) (a) and (b))

Part E - Additional comments on this article

Un appui financier de l'OMS est vraiment sollicité pour aider le Tchad a mettre du sérieux sur le travail qui est en train d'etre fait en terme de sensibilisation, information et conscientisation du publique sur les méfaits du mercure sur leur sante.

▼ ART. 19: RESEARCH, DEVELOPMENT AND MONITORING

19.1: Has the party undertaken any research, development and monitoring in accordance with paragraph 1 of article 19?

○ Yes

◉ No

(Art. 19 (1) (a)-(g))

Part E - Additional comments on this article

Nous cherchons a implanter un laboratoire pour le cas precis. Mais cela necessitee des gros moyens. Le pays est en voie de developpement, il n'y pas assez des ressources pour avoir des ambitions si grandiose, raison pour laquelle, nous crions pour avoir un appui extérieur pour nous aider dans ce sens.

▼ COMMENTS REGARDING POSSIBLE CHALLENGES IN MEETING THE OBJECTIVES OF THE CONVENTION

Part C: Comments regarding possible challenges in meeting the objectives of the Convention

Les difficultés sont deja presque toutes énumérées dans les pages qui ont suivies. Nous avons une seule difficulté, les ressources financières. Nous sommes disposes a faire le travail, les équipes sont presentees pour nous accompagner a realiser toutes les activités nécessaires pour implementer la convention au niveau du pays. Mais force est de constater que ce sont les memes chansons qui reviennent tout le temps. Il n'y a pas les moyens financier et materiel pour realiser quoi que sa soit. Dons, je demande au secretariat de faire de son mieux pour rendre les Point des contacts operationnel. Sinon, il sera difficile de pouvoir avance dans certains pays comme les notres.

▼ COMMENTS REGARDING THE REPORTING FORMAT AND POSSIBLE IMPROVEMENTS, IF ANY

Comments regarding the reporting format and possible improvements, if any

Le format du rapport est acceptable, mais certaines parties sont dérangées de n'est pas pouvoir répondre a beaucoup des questions qui ne les concerne pas et cela fait qu'il y ai beaucoup des parties vides dans le rapport. Mais dans l'ensemble le format répond bien a nos préoccupations.

Pour avoir un rapport avec des données fiable, il faut des missions de terrain et des réalisations concertes, ce qui est difficile a faire sans moyen financier, raison pour laquelle, je joins ma voix a celles de mes collègues Point Focaux pour demander au secretariat de faire un effort meme si ce un petit montant pour aider les pays en développement de fournir le rapport avec des données recentes.
