

## **TECHNICAL COOPERATION BETWEEN INDONESIA AND JAPAN FOR THE IMPLEMENTATION OF THE MINAMATA CONVENTION ON MERCURY**

Technical cooperation for the mercury management between Indonesia and Japan has yielded invaluable outcome. The cooperation is based on the strong commitment of two countries: Indonesia's National Action Plans on the Reduction and Elimination of Mercury and Japan's MINAS Program (MOYAI Initiatives for Networking, Assessment and Strengthening). The side event will showcase achievements and lessons learned from the bilateral cooperation and discuss with participants on the opportunities & challenges, and approaches to replicate the Indonesia-Japan model in other countries.
