GUIDANCE ON MONITORING TO SUPPORT THE EFFECTIVENESS EVALUATION – REASONING BEHIND THE DOCUMENT

Organized by the Biodiversity Research Institute and Global Mercury Partnership – Fate and Transport Partnership.
[Register now.](#)

Over the past 18 months, members of the Fate and Transport Partnership and other scientists have generated a guidance document for monitoring mercury to support the implementation of the requirements stated in Article 22 (Effectiveness Evaluation) of the Minamata Convention. This side event aims to describe the resulting document generated called the “Guidance on Monitoring of Mercury and Mercury Compounds to Support the Effectiveness Evaluation of the Minamata Convention on Mercury” (UNEP/MC/COP.4/INF/12), and its supplementary material.

THURSDAY, 4 NOVEMBER 2021

11:00 – 12:00 CET
