Women who are seeking pregnancy should obtain individual advice from their medical practitioner on

risk management regarding their plans to travel into a Zika-affected area. **For further information, please refer to the [Zika virus FAQ](#).**

People who have existing asthma or are particularly vulnerable to the effects of air pollution should consult their treating physician as to whether a trip to Bangkok is advisable at this time. Information on the Air pollution can be found [Air4Thai website](#), maintained by the government of Thailand with daily information on air pollution.
